that role on Sunday as people took to the whale watching boats and to the town's narrow streets and lanes. Spectacular surf pounded the fine white sand of the beaches as even the sea flung itself out from the Massachusetts coast in exuberant release. The basic need, the finer element of life is freedom to break the bonds, to strip free of the humdrum, the tedium, the duties and manmade problems - to break loose and wash up on a new shore. Life may be nourished by the flood from the clouds

A Message to Our Customers

This is a sample of the reaction we have been receiving since the publication of State Tax Delinquents in the Standard-Times and other newspapers:

MIKE'S ITALIAN-AMERICAN RESTAURANT

Dear Mr. Cormier:

I noted with anger the other day that your restaurant was listed among those that were delinquent in paying meal taxes to the State.

If perhaps these taxes are owed by the previous owner, you should publish something to this effect in the newspaper, in order to protect your business.

If in fact you are the one that has not paid the taxes you can expect the loss of business from a good many customers like myself.

It is disturbing and damn unfair to any patron of a restaurant when a meals tax has been added to the bill, and then to learn that the money has not been forwarded to the State. That money is not yours.

I have been a customer of your restaurant for many years, averaging probably twenty visits per year. I appreciate your fine food, but until I find out that you have paid your debt to the State, you will no longer have me as a customer.

You may think this is a crank letter, but you can bet there are many people who feel the way I do.

Sincerely,
A good customer of "Mikes"
and a concerned taxpayer

Mike's Restaurant, Inc., has been owned and operated by Mike Cormier since 1976. Taxes that were due as stated in the Standard-Times were incurred by "Mike's Italian-American Kitchen", prior to the year 1976.

We are sorry for any concern caused by this misunderstanding on the part of any of our customers.

CHAMBER OF COMMERCE MEETING

At a meeting of the Marion-Mattapoisett-Rochester Council of the New Bedford Area Chamber of Commerce held Friday at the Mattapoisett Inn several issues were discussed that members would like to bring to Governor Dukakis' attention at an upcoming conference on May 18th. Among those was the lining of Route 6. As a result, petitions are being made available at various places

Jerry Stratton expressed his feeling that it is a matter of opinion that the road is safer or not. He said that federal authorities know their business and because of this fact do well to reject the local pressure for a 4-lane road. He feels on curves and hills that it is much easier to get a car on or off the road. He expressed his feeling that the Selectmen of Marion and Mattapoisett have taken a one-sided stand in opposition to the 2-lane road and that many people would agree.

Selectman Edwin Pratt of Marion disagreed with this statement and was supported by

Selectmen Frank Suzan and James Huntoon of Mattapoisett. Mr. Pratt said that, in Marion, not a single person has opposed the 4-lane configuration. He stated that the Board of Selectmen of Marion is responding to and not leading public opinion in its stand. This statement was supported by Frank Suzan who said that at least 300 people have encouraged the Selectmen to keep up the effort to have the road returned to 4 lanes while only 3 or 4 have expressed satisfaction with the 2 lane road.

Mr. Pratt said that, while this issue is paramount in the minds of most people, the most pressing one to bring to the Governor is the dangerous financial situation which is growing more pressing. Mr. Huntoon mentioned that our State Representative had told local leaders recently that they cannot furnish more money next year, that following that is an election year when they won't raise taxes so that any action could be 3 years away. Mr. Pratt said that the federal government used to be allied with local government against the state. He contended that block grants now give more financial power to the state. He said that to help local students the Marion Selectmen are supporting an endowment fund to furnish 30 $500. scholarships through a Dollars for Scholars campaign in which children of the 3 towns would re-

ceive financial assistance on the basis of need and merit.

The High Tech proposal that Mattapoisett has initiated received the support of all the neighboring towns. Selectman David Hughes of Rochester said the fallout from such a business would benefit all surrounding towns. Mr. Suzan said that initially the wishes of the townspeople will be sought at Town Meeting. If the townspeople want to proceed, then a study will be proposed before seeking a zoning change. Mr. Hughes proposed that John Pagenkopf make the presentation to the Town Meeting which was voted.

Mr. Martins of Marion Road, proprietor of Hillside Motel, asked for support in his effort to have a food/lodging/gas sign placed at the Mattapoisett exits of 195. He said that the $4,000 to $5,000 that the State asks for such installation is out of line. He said "I could put one up for $100." Mr. Hughes said that Rochester has just gone down that same path and that the cost is due to the breakaway pole and the fact that only one contractor is involved. He suggested to Mr. Martins that he contact other businesses to see if they would like to contribute. It was a general thought that such a sign should be a service offered to a town in trade for the amount of land taken to build the interstate highway.

cluded that there are a significant number of homes in the community with on-site sewerage disposal problems.

The report presented a detailed analysis of specific areas in Mattapoisett and developed specific short-term and long-term water pollution control recommendations that will be discussed at a Public Hearing scheduled for 7:30 p.m. on May 11th at the Mattapoisett Town Hall.

future problems with on-site wastewater disposal in Mattapoisett, the report points out that the corrective work would cost about $8,720,000 based on present day costs. However, the Mattapoisett Facility Plan does not recommend that one large project be pursued. On the contrary, the report discusses a number of programs and projects that can be studied and implemented by the Town of Mattapoisett that can alleviate existing problems.

Among these is an education program to inform residents about the proper operation and maintenance of septic tanks and cesspools. Another is a recommendation that the Board of Health adopt more stringent procedures for percolation tests. Also, there is discussion about initial sewer extensions to serve persistent troubled areas adjacent to the existing collection system and also future sewer extensions to other areas of Mattapoisett where on-site sewerage problems exist. Finally, the report reviews the possibility of a community sponsored septic tank/cesspool rehabilitation program that may be appropriate and can be partially funded by State and Federal water pollution control agencies

If the Town of Mattapoisett pursues a sewer extension program, there is State and Federal money available that will substantially reduce the Mattapoisett cost for

the project. Nevertheless, homes served by a new sewer system will pay for a number of costs including possible betterment charges of $1,800; an estimated annual sewer use charge of $143 per year and an initial connection cost of $1,250 to make on-site piping changes to connect to the sanitary sewer. Thus, a sewer extension program can provide a long-term solution to on-site wastewater problems in Mattapoisett, but the homeowner will incur significant costs.

The Mattapoisett Facility Plan does not require that the community undertake a sewer extension program. However, it does provide the Board of Water and Sewer Commissioners, the Board of Health, and the Board of Selectmen with possible solutions to the sewerage problems that plague many residents of the Community. The report is a long-range plan that can be implemented in the community to protect the general public.

Additional details and costs will be presented at the Public Hearing scheduled for May 11, 1983.

SPECIAL MEETING ORR SCHOOL COMMITTEE

There will be a special meeting of the Old Rochester Regional District School Committee on Wednesday, May 4th, at 7:30 p.m. at the Dr. Joseph C. Kunces Library, Old Rochester Regional High School, for the purpose of meeting with the three Boards of Selectmen to discuss the District's budget.

Rochester Clean-up

The Rochester Lions' Club wants to help you. As a community service the Rochester Lions' Club will pick up any excess auto tires you may have accumulated. This service is being provided to residents of Rochester only. No business establishments and not more than ten (10) tires per household will be collected.

Chairman Richard Perron stated that in addition to helping residents in their "spring clean-up" the collection will provide funds for the Lions' Club for community services. Arrangements have been made with a tire dealer who will pay the Lions' Club a small sum for each tire collected, regardless of condition.

Won't you help us financially while helping your efforts to clean up your garage or property?

Have your tires in front of your home by noon on Saturday, May 21st. The Lions will collect them during the afternoon.

The summer season starts on May 4th (Wednesday) at 9 a.m. Any senior who would like to join our group is welcome. This is not a league; just good exercise, fun, and companionship. Do join us.

Senior Awareness Day

Thursday, May 19th, will be a special day for all Mattapoisett Seniors, to be held at St. Anthony's Church Hall from 1 to 4 p.m. The theme will be "Safety" which has been a concern to Seniors and appears to be a top priority subject.

Speakers and displays will be available; also refreshments.

Mattapoisett Board of Selectmen has declared May 19th as "Senior Awareness Day" and is in complete support of this program.

Please bring with you the Profile Questionnaire that was included with your Newsletter and for those interested be prepared to ad-lib to any and all senior programs, pro and con. Tables will be available to agencies and businesses involved with senior assistance and/or safety at no charge.

Bridge Luncheon

The Women of St. Gabriel's Episcopal Church in Marion will hold their annual Bridge-Luncheon Tuesday, May 10th, at 12 noon in the parish hall. Tickets are 6.00; phone 748-0555 for reservations.

Rummage Sale

The Tinkhamtown Helping Hand Society of Mattapoisett will hold its Spring Rummage sale at the hall on Acushnet Road this Thursday, May 5th, from 9 a.m. to 12 noon. Coffee and donuts will be available.

Prom Watch

"What can a parent do about prom-time drinking?"

The answer to the above question is complex, yet simple. We are at that time of year when teenage drinking is on the rise. As we enter prom time and near graduation the numbers of parties and amount of drinking at parties increases significantly.

The three towns of Marion, Mattapoisett and Rochester have had their share of tragedy over the last five years. We all would like to prevent such tragedies in the future.

If the title question to this announcement is of any concern to you as a parent, please plan on attending the Prom Watch Program to be held at Old Rochester Regional High School at 7:30 p.m. on Monday, May 16th. If you have any questions please feel free to call the high school guidance office at 758-3745.

Mattapoisett Yacht Club

The board of the Mattapoisett Yacht Club has been meeting during the winter to plan a full and exciting summer of events.

Heading the schedule is a summer racing series that will be open to everyone for a nominal fee of 35.00. Yacht Club membership is not required. Anyone interested in more information should contact Keith Hiller at 758-9032.

Also exciting is the continued expansion of the instructional sailing program. Membership in junior sailing training is expected to increase again this summer and several new boats are planned to be added. In addition, this will be the second season for the successful junior racing program with its emphasis on racing training and competition.

For more information on sailing training please contact Keith Hiller at the above number. Any young people interested in the junior racing program should talk with either R. K. Hiller at 758-9032, Dean Blackburn at 758-2357 or Jonathan Henshaw at 758-6911.

Paper Weekend

This weekend, May 7th and 8th, the paper truck will be at the Town parking lot, off Depot Street, Mattapoisett, to receive all your waste paper goods. Be sure all papers are bundled properly. This community project is sponsored by the Mattapoisett Republican Town Committee.

Marion Flea Market

The First Congregational Church of Marion is sponsoring their second Annual Flea Market on Saturday, May 14th, from 10:00 a.m. to 4:00 p.m. at the Marion Town Hall Field. Booth space is still available for dealers for 10.00 per booth, with on-site parking.

This is the second of a very successful annual tradition, raising funds not only for the Church but for those who participate as well.

The day will feature baked goods, chicken barbeque, hot dogs, cold drinks, coffee, donuts, and restroom facilities.

For booth space contact JoAnne Inman at 748-0373 or Jeanne Lake at 748-0619.

Rain date will be Sunday, May 15th.

Plumb Library

The annual meeting of the Friends of the Joseph H. Plumb Memorial Library will be held on Wednesday, May 11th, at 7:30 p.m.

Ollie-Mae Gifford Honored

50 YEARS' SERVICE IN GRANGE

Mrs. Ollie-Mae Gifford, executive member of the Acushnet Grange, was presented a Golden Sheaf certificate for her fifty years of consecutive membership and service to the National Grange Patrons of Husbandry. Worthy Master of the Massachusetts State Grange Robert E. Barrow pinned the fifty year jewel on Sister Gifford and gave her his personal letter of congratulations. The first and second degree was exemplified in Mattapoisett Grange in March of 1933 with the third and fourth taken in Fairhaven Grange the following week. The seventh degree was taken in Worcester, Mass. soon after.

Mrs. Gifford has held many offices during her membership. She said that the

Loft School Fair

"The Three Little Pigs", "A Lion and a Mouse" and a special surprise guest will be among the characters who visit and perform at the Loft School Fair Saturday, May 14th, on the grounds of St. Gabriel's Church, Marion.

These special guests are from the puppet show which will be performed at 1 p.m. by the "Cranberry Players of Mary Churchill", a company of the Puppet Showplace in Brookline, MA. This particular attraction will be held in the church hall and the admission price is fifty cents for children, one dollar for adults.

The Loft School Fair will feature games, craft tables, baked goods, a plant sale, and a raffle of a quilt made by the children of the school. Lunch will be available. Hours of the fair are 11 a.m. to 2 p.m. and this year's theme is "A Day at the Farm", so that fun-filled hayrides and exciting pony rides can be enjoyed.

This bi-annual event is organized by the parents of children in the school and all proceeds are used to purchase equipment and to establish a scholarship fund.

Thank You

This is a note of thanks and appreciation to the staff and personnel of TOBEY HOSPITAL for their care of me during my recent stay there.

Everyone - from the clerk in the admitting office, lab technicians, volunteers, nurses, the women with the food (beautiful food!), the operating room personnel to the cute candy striper who wheeled me out after I was discharged - was friendly, considerate, kind, and willing to serve my needs.

My memories are of a very pleasant experience.

Most gratefully, Madeline Furnans

tensive study of language, literature, and other aspects of civilization were made available in France, Germany, and Spain. Now, Dartmouth has 15 Foreign Study Programs in 11 countries.

This term, more than 70 students, regardless of their special fields, are studying in Toulouse, France; Florence, Italy; Greece; and Washington, D.C.

Foreign Study Programs are particularly appropriate to the Dartmouth Plan, an innovative program of year-round operation which features a full-scale summer term and has enabled the College to increase the size of the student body in becoming a coeducational institution without building expensive, new facilities. The program provides unprecedented flexibility in individual study patterns and encourages more students to take advantage of foreign study.

which placed them among the top 50,000 (of the over one million) students who entered the 1984 Merit Program. Because of their outstanding academic potential, these students are being offered an opportunity to be identified by NMSC to two colleges in which they have special interest.

In each annual Merit Program up to 50,000 high scorers are included among students identified to colleges and universities. This service is offered in the hope of assisting a sizeable number of academically promising students at the time they are making plans for higher education. Next September approximately 30% of this top 50,000 will be designated as semifinalists and will have the opportunity to advance in the competition for Merit Scholarships to be offered in 1984. Many of the remaining "high scorers" will be commended in the fall for their test performance but will not continue in the Merit Program.

The 1983 PSAT/NMSQT will be administered on Saturday morning, October 22nd, at Old Rochester Regional High School. Every college-bound junior should take the test and college-bound sophomores are encouraged to participate. Parents are advised to plan any fall trips so as not to conflict with the PSAT test. Students will register for the PSAT's in the ORR Guidance Office next fall.

NATIONAL PSAT/NMSQT

The National PSAT/NMSQT will be offered at Old Rochester Regional High School on Saturday, October 22, 1983. We urge all parents of students likely to take this test to reserve this Saturday morning in fall planning. The test is customarily taken by students in their junior year, but may be taken by some sophomores or seniors. Students should consult with a counselor.

HUGH O'BRIAN YOUTH LEADERSHIP SEMINAR

James Wheeler, son of Mr. and Mrs. Frederick A. Wheeler of Mattapoisett, has been chosen to represent Old Rochester Regional High School at the Hugh O'Brian Youth Leadership Seminar.

Outstanding sophomores, who have demonstrated leadership potential, are nominated by high schools throughout the state. In the past, all students nominated attended the Seminar. Because of inflation, the number of students chosen has been limited. Therefore, James was one of only 150 students from all over Massachusetts selected by the Hugh O'Brian Committee to attend the Seminar.

The Seminar is being sponsored by the Boston Jaycees in cooperation with the Hugh O'Brian Youth Foundation and the Massachusetts Jaycees. This year's Seminar will be held at Boston College June 3-5. At the conclusion of the Seminar one boy and one girl will be selected to attend the week-long International Leadership Seminar August 5-13, to be held at the Disney World Epcot Center.

SCIENCE DEPARTMENT PROJECTS ON DISPLAY

A display of projects completed by students of the Science Department of Old Rochester Regional High School will be held for parents and friends at the high school on Wednesday, May 4th, between 7:00 and 8:15 p.m. The program will be conducted in the Science suite and in the Joseph C. Kunces Memorial Library.

Letter to The Editor

On Sunday, May 8th, we celebrate MOTHER'S DAY this year, a time set aside to honor all mothers living and those no longer with us.

Joseph Cardinal Mindszenty who suffered torture under the Soviet Communist KGB (Secret Police of which we now see their top official now heading their Soviet Government) in his memoirs wrote:

"The MOST IMPORTANT PERSON on earth is a mother. She cannot claim the honor of having built Notre Dame Cathedral. She need

not. She has built something more magnificent than any cathedral - a dwelling for an immortal soul, the tiny perfection of a baby's body... The angels have not been blessed with such a grace. They cannot share in God's creative miracle to bring new saints to Heaven. Only a human mother can. Mothers are closer to God the Creator than any other creatures; God joins forces with mothers in performing this act of creation...WHAT ON GOD'S GOOD EARTH IS MORE GLORIOUS THAN THIS: TO BE A MOTHER?"

In his "Memoirs" he tells us "I am publishing all this only so that the world may see what fate Communism has in store for mankind". Those who see no dangers in having the Communists take over more governments in Central America would do well to ponder what he tells us in that book.

A happy Mother's Day to all mothers - especially those who feel that Plato was right when he told us "The primary purpose of education is the inculcation of the distinction of right and wrong." We should thank God that most Mothers (and Fathers too) try to do that today despite the seemingly always increasing influences outside the home trying to countermand them.

Yours truly,
Kathryn Ellis Nowak

SHUT-INS GET-TOGETHER

YWCA Friendly Visitor Program will hold a Neighborhood Get-Together for shut-ins at the Buttonwood Library on Monday, May 9th, from 1:30 to 3:30 p.m. LIFE (Live Instruments for Elders) will provide musical entertainment and refreshments and transportation will be provided by volunteers and staff. For many it is their only opportunity to get out and socialize.

The Friendly Visitor Program is a cooperative service of the YWCA and the Marion Center for Human Services. In addition to monthly get-togethers, they also provide visiting, telephone reassurance, advocacy, referral and in-home therapy services to elderly shut-ins.

WOMEN ALONE

"What Colors Do You Speak?" will be the topic of Mrs. Irene Pejko at the YWCA Women Alone meeting on Friday, May 6th, at 7:30 p.m. Mrs. Pejko, a graduate of Tufts University and Swain School of Design, wrote Jelly Bean....Anyone? or What Colors Do You Speak? She will discuss what color choices for clothing and home decorating reveals about a person.

Women Alone, especially recent widows, are invited to join. Individual conferences can be set up for women having difficulty in coping with being alone.

ART EXHIBIT

Mrs. Linda Whyte Toatley will exhibit drawings and acrylics on paper in the YWCA Lobby during May. The mother of three, Mrs. Toatley majored in Art at SMU.

The lobby is open from 9 a.m. to 9 p.m. Monday through Friday and 9 a.m. to 5 p.m. on Saturday.

Anyone wishing to exhibit in future months is asked to call the YWCA at 999-3255 for details.

The New Bedford Nuclear Weapons Freeze Group will hold its monthly meeting at 2 p.m. Sunday, May 15th, instead of May 8th, at the Unitarian Church, 71 Eighth Street, in New Bedford. After the meeting a film entitled "The Gods of Metal" will be shown. This film was nominated for an Academy Award for best documentary. The public is invited. Refreshments will be served.

Children's Museum

GREEN-UP DAY

The Children's Museum will be joining the efforts of the Dartmouth Natural Resources Trust for "GREEN-UP DAY" scheduled for Saturday morning, May 14th. Last year's greening-up efforts were highly successful and the Museum would like to do its part. Our meeting point will be Apponagansett Park on Gulf Road in South Dartmouth. The "GREEN-UP" will begin at 8:30 a.m. and end at 12:30 p.m. Trash bags will be provided. Work gloves may come in handy for dealing with broken bottles. Please call the Museum to leave your name (993-3361). Families and kids are encouraged to take part.

The Town of Dartmouth offers such an abundance of vegetation and such an interesting variety of wildlife and habitats that town residents and town visitors alike find it pleasurable to be here. Please join our efforts in keeping litter off the roadsides. Summer will be that much more

IRVING BERLIN MUSICAL SCHEDULED AT SMU

Irving Berlin's "Say It With Music" will be presented by the Southeastern Massachusetts University Children's Theatre Company on May 14th and 15th at 3:00 p.m. in the main SMU auditorium.

"Say It With Music" is a revue of the melodies of one of America's most popular composers. "It features 32 children from grades three to nine and has been staged almost entirely by the children themselves", said its director, Angus Bailey. "But it will be enjoyed by people of all ages and will make a nice treat for Mom on Mother's Day."

Thornton W. Burgess Society

NEW CUP PLATE

"in praise of herbs", the Thornton W. Burgess Society is pleased to announce an exciting, entirely new series of cup plates to be introduced this Mother's Day weekend - Saturday, May 7, and Sunday, May 8.

"Lavendar" will be the first cup plate in the new Herb Series. This lovely, hand-pressed lead crystal plate carries a border

of hearts symbolizing lavender's use as a source of fragrance. Future cup plates in the series will depict one of four categories of herbs: fragrance, culinary, medicinal or dyer's herbs.

The Lavendar plate will be boxed with an enclosure card giving pertinent details about the herb and a tiny packet of lavender seeds. The new plate will be available at the Burgess Museum, 4 Water Street, Sandwich Village. Herbs can add spice to your life, and the new herb cup plates can add beauty as well!

imports, and industry and government relations to be given by various industry people in the auditorium of the New Bedford Whaling Museum, approximately 500 yards from the pier entrance.

Throughout the day, visitors will be able to view Air Sea Rescue demonstrations by the U. S. Coast Guard just off the State Pier.

The show is being sponsored by the New Bedford Industrial Development Commission, the Massachusetts Department of Commerce and Development, and the Commercial Fisheries News of Stonington, Maine, a trade publication.

Norman Bergeron, New Bedford IDC Director, and his office have been working on the show for more than a year.

"At the start, when we called it an international show, it was really a hope," sayd Mr. Bergeron, "but we have been very pleased and surprised by the exhibitor response. If we get a turnout to satisfy these exhibitors, we will be able to attract even more the next time, and this show will really take off."

Bergeron sees New Bedford as a natural site for this kind of show.

The New Bedford show has also been able to offer exhibitors a low-cost alternative, standard 10' by 10' booth spaces sold for 350.00 for the three-day period. While the original number of booth spaces has been sold out, accommodations for an additional 24-36 booths have been arranged. There are also some 20' x 20' land spaces available in the on-land boat display area.

Commercial fishermen and industry people will be admitted to the show free with a pass. Passes are available at the show with proper identification or from Bill Hall, New Bedford IDC, 1213 Purchase Street, New Bedford, Mass.02740. Otherwise, admission is 2.00.

The city is making an all-out effort to welcome visitors attending the show and to make the International Commercial Fisheries Show a success in every way.

Area Cooperation

EIGHT TOWNS ENDORSE MAYOR'S PLAN

New Bedford Mayor Brian J. Lawler announced last week that eight area towns have agreed to establish a committee to explore ways in which the region can cooperate. The committee was suggested by the Mayor in late March.

Lawler said the committee's organizational meeting will be held Thursday, June 2, in New Bedford if the date is convenient for officials from all eight towns.

Mayor Lawler wrote letters to Selectmen in Dartmouth, Fairhaven, Acushnet, Freetown, Westport, Marion, Mattapoisett and Rochester on March 30th to suggest formation of the regional committee. Since then, all eight towns have indicated a willingness to pursue the idea.

Lawler said Bristol County Treasurer Frank Vieira has also indicated that he wishes to join in the discussions.

Lawler is pleased with the reaction.

"Our neighbors are enthusiastic," Lawler said, "and so am I.

"Everyone seems to agree that we need to work together to run government more efficiently," he said.

The regional committee will consider ways in which communities in Greater New

Bedford can cooperate. It will consider ideas such as collective purchasing, regional refuse disposal, and regional economic development.

Lawler said the first committee meeting will be held in New Bedford but future meetings will probably be held in the other eight communities. The first meeting will be chaired by Mayor Lawler.

The meeting is tentatively scheduled for Thursday, June 2nd, at 7 p.m. at the Industrial Development Commission's Conference Room, 1213 Purchase Street, New Bedford.

SMU Art Show

A senior art show will exhibit the work of fourth year students in the fine arts department of Southeastern Massachusetts University from May 3 through 16.

The exhibition, which is free and open to the public, will be in the gallery in the College of Visual and Performing Arts (Group 6) Building.

Superinsulation

Question: What works like a down sleeping bag, was partly designed by an Apple Computer and holds 100 people?

Answer: The New Alchemy Energy Education Center in Falmouth, Massachusetts.

According to New Alchemy's Executive Director, Gary Hiershberg, "Superinsulation is a new technology that may soon make conventional heating systems obsolete". Beginning in May this new building method and other innovative appropriate technologies will be featured in the Institute's Saturday tours, courses and a new consulting program.

Using three times more insulation and built ten times tighter than a modern "well insulated" building, superinsulated buildings maintain comfortable temperatures

throughout the year heated primarily by body heat and light bulbs. Indoor air quality and humidity are maintained by an air-to-air heat exchanger, a device that simply heats incoming cold, clean air with the building's warm, stale air. This produces warmed, clean air within the building.

According to Bill Smith, Project Director, the extra costs of superinsulated construction roughly equal the amount immediately saved by eliminating the need for a furnace or chimney. For example, typical costs for superinsulating a new single family home are $4,000 while the cost of a furnace and chimney is $3,000. Since there are virtually no heating bills, the $1,000 in additional cost is easily paid back in the first two years.

Beginning in May Mr. Smith will be offering computer-assisted superinsulation consulting services through the Institute.

The New Alchemy energy education center was conceived as a way to demonstrate this important new building method in an era of increasing fuel costs and dwindling fossil fuel reserves. The 34 x 34 superinsulated space is nestled within an 80 year old barn at the New Alchemy farm and research center on Hatchville Road in Fal-

mouth. In addition to their work on energy conservation, the New Alchemists are known for pioneering solar greenhouse design, organic agriculture, solar aquaculture (fish farming), and tree crops.

Support for the project came primarily from four Boston-area foundations, a large number of individuals and from firms that donated materials.

Following a May 13 opening, the energy education center will be the site of courses on energy conservation and will be a stop on the Institute's weekend tour program. Tours of the 12 acre site also feature the 3 acre organic garden, three experimental solar greenhouses, indoor and outdoor fish farming, tree crops and examples of solar technology.

Tours led by staff members are at 1 p.m. May through September; apprentice-led tours are Sundays at 1 p.m.; there is a charge.

New Alchemy also offers day-long courses in all of its areas of research. Those who wish to get a more in-depth understanding of New Alchemy's work are encouraged to write to Merryl Alber for a course listing. A list of this year's offerings is attached.

department of all public libraries in the Commonwealth.

These publications are part of larger efforts by the Department of Education to encourage Gifted and Talented programs in Massachusetts public schools, Commissioner of Education John H. Lawson said. "With the help of $50,000 in State aid from the Legislature, we are able for the first time to provide encouragement to public schools to offer programs of excellence to the Gifted and Talented student," he said.

To help parents plan rewarding activities for their vacationing children, "Summer Opportunities for Gifted and Talented" lists sixty-two programs and offers background information and descriptions of each. Because application deadlines are approaching quickly, parents are urged to enroll their children as early as possible.

"Tavares" in Benefit

GRAMMY AWARD WINNERS IN NEW BEDFORD

Grammy award winners, The Tavares, a local group known internationally, will be in New Bedford on Friday, May 20th, sponsored by the Greater New Bedford Center for the Visually Impaired. The Center, a non-profit organization dedicated to aid the visually impaired, is sponsoring The Tavares as a fund-raiser to increase its assistance to the visually impaired. The event will be held at the Bronspiegel Auditorium at the New Bedford High School at 8:00 p.m. All seats are reserved. Tickets can be obtained at the Visually Impaired Center, 72 Spring Street (next door to the YWCA), New Bedford, Monday through Friday from 8:00 a.m. to 4:00 p.m.

All services of the Visually Impaired Center are provided at no cost. The Center is the only organization of this type serving the visually impaired in southeastern Massachusetts. Presently being funded to provide services to the elderly by Coastline Elderly Services, the Center is desirous to expand these services to all visually impaired from birth to fifty-nine as well. To do so we must raise our own funds since there are no State or Federal funds available for this age level.

An evening with The Tavares will provide you with great entertainment and at the same time make it possible for the Center to improve our services. For further information please telephone 758-3133; our staff is ready to help you.

Solar Energy

Solar energy systems designed to produce heat, hot water and electricity are explained in a set of five leaflets available on request from the Plymouth County Cooperative Extension Service.

The leaflets explain that while many people find a solar system to be a good investment, the availability of a good site, family size, and current fuel used affect the solar system choice and economic return.

To receive your set, Ann Holsinger asks that you send a postcard with your name and address to "Solar Energy Leaflets", Plymouth County Extension Service, High Street, Hanson, MA. 02341.
